State Student Aid Status Report

Coordinating Board for Higher Education

June 5, 2019

BACKGROUND

Student financial aid is a substantive policy tool for the Coordinating Board and the state of Missouri in the promotion of student access and success in postsecondary education. As such, greater awareness of and appreciation for the range and scope of the programs administered by the Missouri Department of Higher Education is crucial. The purpose of this agenda item is to provide the Coordinating Board with background and baseline information about the student financial assistance programs administered by MDHE.

Dating back to the 1970s, Missouri has a long tradition of providing financial assistance to encourage its citizens to seek postsecondary education. While other agencies are responsible for the administration of special purpose programs, MDHE is the focal point for most student financial aid issues.

CURRENT STATUS

By the conclusion of the current academic year, MDHE will have distributed approximately \$117 million in student financial aid to more than 64,400 students. The attachments to this item provide detailed information for each of the programs administered by the department, including the number of students served and dollars awarded, by educational institution and sector. Amounts reported in the attachments are incomplete because the fiscal year has not ended and institutions have not completed the process of requesting payments for all students, particularly for the A+ Scholarship. A brief description of the programs is provided below:

Scholarships and Grants

A+ Scholarship provides tuition reimbursement for eligible graduates of designated high schools to attend public community colleges, area career colleges, or private career technical schools that meet the criteria outlined in statute. Eligible graduates must meet high school criteria relating to grade point average, attendance, mentoring/tutoring, and citizenship.

Access Missouri Financial Assistance Program is a need-based program designed to be simple to understand, provide predictable, portable awards, and increase access to the student's school of choice. Financial eligibility is determined using the Expected Family Contribution as calculated through the Free Application for Federal Student Aid.

Advanced Placement Incentive Grant is a nonrenewable grant designed to encourage high school students to take and score well on Advanced Placement tests in mathematics and science. Students must receive an Access Missouri or A+ award to be eligible for this grant. Students who are eligible for either the Access Missouri or A+ program but have a calculated award amount of zero as a result of other financial aid are also eligible for this grant.

Bright Flight, the statutory title of which is the Missouri Higher Education Academic Scholarship Program, is a merit-based program that encourages top-ranked high school seniors to attend approved Missouri postsecondary schools.

Kids' Chance Scholarship is available to children of workers who were seriously injured or died in a work-related accident covered and compensated by workers' compensation. MDHE partners with Kids' Chance, Inc. of Missouri, an organization that offers a similar, private scholarship, to identify eligible students.

Marguerite Ross-Barnett Memorial Scholarship, also known as the Competitiveness Scholarship, is a need-based scholarship established for students who are employed while attending school part-time.

Minority and Underrepresented Environmental Literacy Scholarship is designed to assist academically talented minority and underrepresented individuals pursuing a bachelor or master degree in an environmental course of study.

Minority Teaching Scholarship was designed to attract academically talented minority individuals into the teaching profession. Through this program, students enrolled in approved teacher education programs received loans to assist with educational expenses. For students who meet all of the program's obligations, the loans are forgiven through conversion to a scholarship. Although funding for this program ended in FY 2017, the loan repayment and forgiveness process continues to be required in order to complete the department's obligation under the program.

Public Service Officer or Employee's Child Survivor Grant provides tuition assistance to certain public employees and their families if the employee is killed or permanently and totally disabled in the line of duty.

Wartime Veteran's Survivors Grant provides up to 25 grants annually to children and spouses of Veterans whose deaths or injuries were a result of combat action or were attributed to an illness that was contracted while serving in combat action, or who became 80 percent disabled as a result of injuries or accidents sustained in combat action since September 11, 2001.

FAFSA Completion Project

The FAFSA Completion Project is a nationwide project supported by the U.S. Department of Education to increase the number of students who successfully complete the FAFSA. The Missouri FAFSA Completion Project, launched in January 2016, provides registered high school staff in participating Missouri districts with student-specific information about their high school seniors. The information provided includes whether the FAFSA is missing a signature, contains another type of error, or is complete. In addition, high school staff can see which students have been selected by USDE for verification so students will know if they will need to provide additional documentation to the postsecondary institution they will be attending. The project also provides aggregated FAFSA completion information to the public.

To date, more than 170 users representing 162 districts have student-level access to the Missouri FAFSA Completion Project. MDHE continues to receive positive feedback on the benefits of this project and we hope to increase momentum through continued promotion during the 2019-2020 academic year.

NEXT STEPS

Through MDHE, the Coordinating Board for Higher Education was responsible for the administration of 10 state-funded student financial aid programs in FY 2019. These programs provide a valuable and substantial resource for Missouri citizens as they further their education beyond high school. It is clear these programs, as well as others that may follow, will continue to be important to the fulfillment of the Coordinating Board's strategic goals.

RECOMMENDATION

This is an information item only.

Unduplicated Student Count by Program³:										
	12,400		44,229		7,465		201			
Total Unduplicated Student Count⁴:									61,303	

1 - Students: The student counts in this column contain duplication when students received payment under more than one program.

2 - Program Total: The student counts in this row contain duplication when transfer students received payment for a program at more than one institution. The student count at the intersection of the Students column beneath the All Programs Total Header and the Program Total row contains duplication when students received payments for more than one program and/or at more than one institution.

3 - Unduplicated Student Count by Program: The student counts in this row include a student only once for each program, even if they were paid at more than one institution.

4 - Total Unduplicated Student Count: The student count in this row is for all programs and includes a student only once, even if they were paid for more than one program and/or at more than one institution.
